These children's day care centers open their doors for you:

Dear parents and
dear guardians,

we, the Bonn children's day care providers, cordially
invite you to visit us **on open day** at the various
locations in Bonn and get to know our family-oriented
child care.

Children's day care offers loving and individual care for
children aged 0 to 3 years and is an equivalent
alternative to care in a children's day nursery.

It is characterized by personal and caring care in small
groups and, like children's day nursery, is also publicly
funded by the Federal City of Bonn.

Come by, find out more about the individual concepts
and ask us your questions.

We look forward to getting to know you and your child!
